Corsair Newspaper

thecorsaironline.com

Center for Media and Design 130, 310-434-4340

The Corsair, Santa Monica College's student-run newspaper, has a print edition published every Wednesday during the Fall and Spring semesters, as well as an online news site. The newspaper and its online edition have won numerous national, state, and local awards for writing, photography, graphic design, multimedia, and online content.

The Corsair welcomes all students to help create the newspaper, which is a lifeline of news and entertainment for the entire College community. Each week, students choose what news and issues to cover. Experience on the Corsair can lead to internships with major media companies.

Students who enroll in Journalism 16 become the staff that produces the print and online editions of the Corsair. Students in Journalism 22/Photo 14 become the photo staff of the paper. The Corsair staff also produces multimedia content such as videos for the online site, and manages all Corsair social media accounts. Students should note that it is recommended, but not required, that writers and editors first take Journalism 1 or Journalism 8, and that photographers take Photo 1 and Journalism 21/Photo 13 to prepare for the newspaper production classes.

Students whose schedules do not permit taking the staff classes can become Corsair "contributors." They will take on assignments or create their own in collaboration with Corsair editors, and will receive bylines and photo credits, but will not receive any units of credit for their efforts.

Students interested in working on the Corsair may contact one of the above professors or come into the Corsair office to meet the editors and learn more about the Corsair.

Gateway to Persistence and Success (GPS)

smc.edu/gps

SMC's Gateway to Persistence and Success (GPS) — an online tool that connects students with their instructors, counselors, and student support services — acts as an 'early warning' system to help students address issues affecting or interfering with their education. Through GPS, instructors can alert Counseling or other services when a student is struggling, and students can receive feedback that gives them a solid idea of how they are doing in class. GPS also gives students who need help access to rapid referrals to support services, as well as positive reinforcement and encouragement.

For more information, students should visit the website.

Health Insurance

The Health Services fee SMC students pay at the time they enroll is NOT health insurance. The fee covers ONLY the services offered at the SMC Health Services Center (see Health Services Center, below, for details). Any expenses a student incurs for medical services outside the scope of those covered by the Health Services fee, however, are the sole responsibility of the student and not the Santa Monica Community College District.

International students should consult the International Education Center for information on health insurance, which they are required to have while attending SMC.

Office of Student Life

smc.edu/OSL
Cayton Center 202, 310-434-4250

The Office of Student Life is the hub of student activities. The A.S. Board of Directors, A.S. Commissioners, Inter-Club Council (ICC), Associate Dean of Student Life, and student activities staff can all be found there, along with information on A.S. and club activities, use of campus public areas, campus student publicity, and other details.

The Associated Students (A.S.) — The student-directed organization of the SMC student body and its elected or appointed student officers promote the intellectual, social, and cultural welfare of students through proper, effective government. Students participating in A.S. Government gain first-hand experience with the governing process and build management and leadership skills.

The A.S. Resource fees support a rich program of extracurricular activities including more than 60 student clubs to foster academic achievement, social interaction, and community involvement.

Students may participate in A.S. Government as elected officers serving one-year terms on the A.S. Board of Directors or as the Student Trustee. Students may also volunteer as A.S. Commissioners appointed by the Board of Directors to help carry out directors' goals and serve on committees.

Students elected to A.S. Government can represent the interests of their fellow students in how SMC operates, including instructional support systems, student services, financial support services, and planning. SMC's Board of Trustees grants and defines A.S. Government's legislative and fiscal authority.

Students in A.S. Government must maintain a minimum 2.0 GPA and be enrolled in at least eight (8) units per semester. For details, students should see the Associated Students website or ask the Office of Student Life for information.

Associated Students Activities

The A.S. Resource fee is optional. Students who choose to pay the A.S. Resource fee each semester enrich campus life with student clubs, special events that include concerts and guest speakers, student clubs, and special events. Students with an active A.S. Resource sticker also enjoy special privileges and benefits such as:

- Priority use of the Cayton Associated Students Computer Lab;
- Student club membership and support to start a club;

- And much more!

For all the details, students should visit the Office of Student Life website or call for information.

Student Clubs

One of the best ways to get involved in campus life is to join one of SMC's more than 60 student clubs. The clubs reflect the wide range of interests SMC students have in areas such as academic achievement, science, sports, creative arts, business and industry, social awareness, and service. Club activities include field trips, business meetings, networking opportunities, guest lectures, and social events to enhance

the educational and social experiences students have on campus and in the community. To find out about student clubs, see the Student Clubs website.

California law forbids secret fraternities and sororities in public community colleges. All clubs at SMC — with the exception of the honor scholarship societies, which require specific qualifications (see Honors Societies, above, for details) — are open to all students.

Inter-Club Council (ICC)

The Inter-Club Council (ICC) promotes SMC's student clubs to attract and increase student participation in them, encourage the development of student leadership and service, and foster interaction among the clubs. The ICC sponsors Club Row, an annual spring festival that brings all of SMC's student clubs together to showcase their variety and give students the chance to find out first-hand what activities the clubs offer.

Students do not need to wait to schedule a tutoring appointment. Tutoring appointments are scheduled online through Corsair Connect (smc.edu/cc).

Tutoring offers many benefits, including giving students the opportunity to gain a better understanding of the material from tutors who have mastered the coursework, review key concepts from courses, ask the questions they did not ask in class, and formulate questions to take back to instructors about course material. Tutoring also helps students learn new methods for notetaking and textbook reading, as well as new study strategies.
